

KRESTO®

KRESTO® is an extra-heavy duty hand cleaner, ideal for the toughest industrial dirt. Contains a biodegradable natural scrubber, a safe solvent and the patented ingredient EUCORNOL®, which improves skin compatibility.

Description

KRESTO® is a slightly acidic alkali-free hand cleaner which contains a biodegradable walnut shell scrubber and a safe solvent. It cleans extremely well in cases of intensely stubborn industrial dirt (e.g. grease, oil, soot, metal dust, lacquers, adhesives, etc.) that cannot be removed at all by products that are free of scrubbers and solvents.

Because skin is slightly acidic, KRESTO® has been formulated with a PH level that mirrors the skin's natural mantle to help keep skin healthy.

KRESTO® contains the skin strengthening agent EUCORNOL® which, according to the results of dermatological tests, helps to prevent skin irritation.

Its natural scrubber is made from walnut shell powder which is a renewable natural resource. As such, it does not strain the environment by depleting timber supplies (as in the case of wood flours) or oil resources (as in the case of plastic scrubber.) Additionally, it is completely biodegradable.

KRESTO® has been tested and proven not to clog drains or pipes. It is easily rinsed away and is not prone to swelling.

KRESTO® contains less solvent than most other solvent-containing hand cleaners on the market. It contains a paraffinic solvent which is not toxic like many solvents (e.g. aromatics and chlorinated hydrocarbons.)

Solvent free SOLOPOL® and KRESTO® SELECT are available for cases of moderate to heavy industrial dirt where no solvent is necessary.

Use

- Rub small amount of KRESTO® thoroughly onto dry hands.
- Add a little water and continue washing.
- Rinse with plenty of water and dry thoroughly.

Product Description

Light beige paste containing a natural scrubber and a safe solvent; density (at 68°F): approx. 1.05 g/cm³; pH-value: 5.2 - 5.8.

Features

Contains all natural, biodegradable walnut shell scrubbers.

Contains the skin strengthening agent EUCORNOL®.

Easily rinsed away and is not prone to swelling, has been tested and proven not to clog drains or pipes.

Low solvent content, good skin compatibility

Benefits

For extra heavy-duty cleaning of grease, oil, ink and carbon black. Does not strain the environment by depleting timber supplies.

Helps to prevent skin irritation according to the results of dermatological tests.

No costly plumbing repairs due to scrubber in product.

Much more gentle to the skin, even with everyday use, than products with high solvent content.

Skin Compatibility Tests

KRESTO® has an acceptable skin compatibility. The product leads in skin compatibility within its class of solvent-containing, heavy-duty industrial cleaners.

The skin strengthening effect of the ingredient EUCORNOL® was demonstrated in a modified Duhring Chamber Test.

Ingredients

Water
C13-14 Isoparaffin
Walnut Shell Powder
Sodium Laureth Sulfate
Sulfated Castor Oil
Sodium Chloride
Cocamidopropyl Betaine
Quaternium 18 Bentonite
Cellulose Gum
Titanium Dioxide
Citric Acid
Fragrance
Potassium Sorbate
2-Bromo-2-Nitropropane-1,3-Diol

First Aid

If KRESTO® accidentally enter the eyes, flush thoroughly with lukewarm water. Contact a physician if burning sensation persists.

Storage Information

KRESTO® can be stored in a closed container at room temperature for up to 30 months .

All STOKO® Skin Care products are tested for stability at temperatures between 23°F and 104°F. When tested at temperatures below 41°F and above 86°F, the products begin to fluctuate in viscosity. Hand cleaners may become cloudy or freeze partially at temperatures of 32°F or below. However, they are usable after thawing.

Additional Information

Frequent skin contact with hazardous substances requires the use of a high quality skin cleanser like KRESTO® and the use of a special Before Work product. Contact STOKO® Skin Care or its appointed distributors for advice on selecting the appropriate products.

Occupational skin irritation, frequent washing and harsh climates can lead to dry, rough and chapped skin. To replace lost moisture and oils and help keep skin healthy, skin should also be regularly treated after work with an appropriate conditioning product, such as STOKOLAN®, STOKO® LOTION or STOKO® VITAN.

Sizes

250 ml Tube - 2 87005 24
2000 ml SOFTBOTTLE® for SVP or SVP Ultra
Dispenser - 9 87045 06
2000 ml ONE-PUMP® for ONE-PUMP®
Dispenser - 9 87044 06
2000ml for STOKO® MAT 2000 Dispenser - 9 87043 06
4.0L bottle for 4.0L Dispenser - 32142
1/2 Gallon pump top bottle - 30362
